Children of the Digital Age
A GUIDE FOR PARENTS

Dear Parent,

Firstly may I take this opportunity to personally thank you for taking the time to read this information leaflet. Did you know that Ireland is second only to New Zealand and the United States in the number of children reporting that they have experienced Cyber Bulling? That is one in every four children. Can you confidently say that you know what your child is doing or experiencing online ?

Just like you, I am a parent. As a parent, I am very aware of the technology and social mediums available to children today. I am also aware of the enormous dangers that children are exposed to, every time that they use this technology. I have designed a specific talks program for parents of children from 5 to 18, with an ethos which is designed to help you

"Raise a Digital Child, With a Digital Personality, In a Digital World"

The program consists of the most up to date and relevant information, in a multi – media power point presentation. This is a brand new presentation, formatted and presented with parents in mind who are not proficient in the use of modern technology. It covers topics such as

1. Screen Addiction
2. Inappropriate Content
3. Geo Tagging
4. Passwords
5. Personal Information
6. Why is there so much free stuff on the internet
7. Malware Types
8. Cyber Bullying
9. Social Media Types
10. The Concept of Friends
11. The Concept of Stranger Danger
12. Understanding Grooming
13. The Stages of Grooming
14. Snap Chat – How photo apps have changed how people interact in relationships.
15. Sexting
16. Sextortion
. . . . and much more !!

This highly comprehensive talk is further supported by a Facebook page, which consists of a number of Parents How to Guides in relation to different technology devices. Any individual parent's queries will also be followed up on if they cannot be addressed on the night.

I very much look forward to giving your Parents Group or Children this presentation. Please contact me on 087 7485152 for further details and feel free to check out our Facebook page at
